BIG BLOCK LANDSCAPE SOLUTIONS by TRI KON Precast Concrete Products

When you're looking for a retaining wall, consider the London Boulder big block system. Our big block systems are designed to last, look great and save you money.

Here are just a few benefits of the London Boulder system:

- Fast Installation
- Minimal Excavation
- Staining Designs Available
- Unmatched Strength
- Limitless Configurations

One of the biggest benefits of the London Boulder big block systems is the ability to tier property for parking or additional land space. Another benefit is to keep land from washing away near a water application.

With this block system you can create:

- Retaining Walls
- Drainage Retaining Walls
- Water Walls
